

# Looking for health care professionals who work with children with Neurodevelopmental Disorders!

Have your patients' parents ever asked you or have you ever been consulted about **behavioural sleep problems** in children with:

- Attention-Deficit/Hyperactivity Disorder (ADHD)
- Fetal Alcohol Spectrum Disorder (FASD) or
- Cerebral Palsy (CP)?

Would you like to help researchers learn more about how to increase **access** to and **uptake** of effective treatments for sleep problems in kids with ADHD, FASD, and CP?

We are conducting an **online** study to learn about health care professionals' perspectives on the barriers and facilitators to access, provision, and uptake of treatments for behavioural sleep problems in children with ADHD, FASD, and CP. Participation involves completing a brief questionnaire and taking part in **online focus groups** with other health care professionals from across Canada. Participants have a chance to win a \$50 [www.amazon.ca](http://www.amazon.ca) gift card!

**Interested in learning more about whether you are eligible to participate?**

Please contact study investigator Kim Tan-MacNeill at [sleepndd@dal.ca](mailto:sleepndd@dal.ca) or visit [www.tinyurl.com/hcpndd](http://www.tinyurl.com/hcpndd)
